LOWERING OF PRICES NOTED IN THE MARKETS

Summer Fruits and Vegetables of Every Description Fill the Stands.

June Apples in Good Demand. Home-Grown Watermelons and Cantaloupes Expected Soon.

With summer fruits and vegetables of all kinds filling the stands in the markets of the city, the dealers report a general lowering of prices. While many articles are still coming from the south and west, the supply of home-grown stuff is increasing daily, and before the end of the coming month home-grown watermelons and cantaloupes will be on sale. Those now on the market are from the south and west. June apples have made their appearance on the market and are in good demand at about 10 cents a quarter peck. Raspberries are becoming more plentiful and are selling at from 15 to 20 cents a quart.

In the meat market lamb, beefsteak and pork chops are lower priced and figures on other meats remain unchanged.

CRABS GROWING PLENTIFUL.
Prices High Despite Increasing Shipments—Clams Are Scarce.

Crabs, both hard and soft shelled, are being caught in increasing quantities down river and the steamers have been arriving here for the past week with a hundred or more barrels of hard crabs each trip.

These are consigned to the dealers here for the local trade, but prices remain high.

This morning hard crabs were quoted at the wharf market at from \$2 to \$2.50 a barrel, and soft crabs at 75c to 90c a dozen.

In midseason, about the middle of July, the river steamer boats often land 500 barrels each trip.

Clams, however, continue scarce and the bulk of the supply is being received by express from bay points.

Usually at this season small boats are coming in from the eastern shore with clams aboard. So far this season there has been but two clam-laden boats to arrive, and they brought small cargoes.

As a consequence of this shortage clams are high priced wholesale, selling at 75c to 90c a hundred.

Georgia melons have appeared at the wharf market and are selling at from 25 to 50 cents each. It will be the latter part of July or early in August before melons from the Chesapeake bay farms and those on the lower Potomac begin to arrive at the wharf market.

The supply of fish being received at the wharf market is not large, while the demand is good. This morning prices ranged about as follows: Spanish mackerel, 10 cents a pound; blues, 12 1/2 to 15 cents a pound; rock, 10 to 15 cents a pound; carp, 8 cents a pound; flounders, 5 cents a pound; halibut, 16 cents a pound; pike, 12 1/2 cents a pound; white perch, 10 to 15 cents a bunch; catfish, 25 to 50 cents a bunch; gray trout, \$6.50 to \$22.50 a barrel; croakers, \$7 to \$15 a barrel; burfish, \$6 a barrel; sea bass, \$9 to \$11 a barrel.

PRAYER THOUGHT TO AIM AT MEXICAN SITUATION

Rev. H. N. Couden, House Chaplain, Speaks of Deferring Until Tomorrow Duties of Today.

Rev. Henry N. Couden, chaplain of the House of Representatives, offered a prayer at the opening of the session yesterday which was interpreted by some members as relating to the present status of the Mexican situation.

"Father in heaven," prayed the chaplain, "help us to realize fully that procrastination is the thief of time, that we must work while it is yet day, for the night cometh when no man can work."

"Forgive us, we pray Thee, when we put off until tomorrow what should be done today; when we proclaim from the housetops patriotism and fail to put it into practice; when we pray for the kingdom of heaven and supinely wait for its appearance; when we seek to pluck out the mote from our own brother's eye and behold a beam in our own eye."

"Teach us to turn our thoughts within and know the value of self-examination, that we may put aside our own thoughts and strive to walk worthily before our neighbor."

PROHIBITION NOT TO BE TACKLED ON DISTRICT BILL

Senate Upholds Previous Decision as to Suspension of Rules—Post Office Bill Passes.

The Senate by a vote of 42 to 25 yesterday afternoon upheld its ruling of a year ago that it requires a two-thirds vote to suspend the rules of that body, and by so doing put an end to all hopes that might have been entertained of adding the District prohibition bill now on the Senate calendar to the District appropriation bill. The vote came in connection with another prohibition measure, an amendment offered by Senator Jones of Washington to the post office appropriation bill providing that it should be unlawful to send through the mails any liquor advertisements from "wet" states into "dry" states where the advertisement of liquor is prohibited by law. Senator Jones moved to suspend the rules so as to make the amendment, which is general legislation, in order upon an appropriation bill.

Vote to Suspend Rules.

Thirty-six of the senators voted for the motion to suspend the rules and twenty-eight against it. The Vice President ruled that this was not a sufficient number to order the rules suspended and Senator Jones appealed from the decision of the Vice President.

On that he lost 42 to 25. The original ruling on the question was made by the Senate itself last session, when Senator Sheppard of Texas tried to add a prohibition measure for the District to the then pending District appropriation bill.

The Senate finally passed the post office bill after disposing of the Jones motion. It carries \$222,000,000, and has been before the Senate for more than a month.

The bill today was sent to conference. The difference between the two houses are so wide, however, that there is no chance of its becoming a law before the close of the fiscal year today, and a continuing resolution providing for the operation of the Post Office Department already has been passed.

DEPUTIES CHEER FOR WAR.

Italian Chamber Scene of Demonstration Against Peace Speech.

ROME, June 30.—The chamber of deputies was the scene of a demonstration of protest against Signor Treves, a socialist deputy, when in discussing Premier Bozelli's statement yesterday he spoke of peace and alluded to a manifesto issued by the German socialists, saying that the war was a mistake.

There was cheering for Italy and for the war on the part of other deputies, and the manifestation against any suggestion of peace became so uproarious that Signor Treves was compelled to discontinue his speech.

At an average price of 20 cents per gallon the year's production of milk is valued at about \$2,320,000,000 to producers.
